OBJECTIVE

Seeking an opportunity to compliment a cross-functional team where my technical skills and background in operations/management can be challenged. My primary objective is to learn from others and help my team to succeed.

EXPERIENCE

WEB DEVELOPER – *Pale Blue Origin Inc.*

NOV 2019 - PRESENT

- Collaborated with UI/UX designer to build a company website.
- Designed and built a prototype web application that integrated with a GraphQL backend to provide waste disposal suggestions from a photo of a user's trash.
- Presented app prototype, along with founders of the company, to a Toronto official for consideration for a government grant (total of \$25,000).
- Co-wrote grant application with founders to best reflect the capabilities of our proposed project.
- Worked with backend developer to design a system for managing waste disposal rules for many municipalities.
- Worked with backend developer to do ETL on related open data sources.

Tech Used: HTML5, CSS3, Javascript (ES6), GraphQL, Vue JS

COMMUNICATIONS SPECIALIST – *GardaWorld*

MAY 2019 - OCT 2019

- **Personal Project:** Identified inefficiency in the delivery of employee timetable and built a custom web application for parsing and importing given employee data to their preferred calendar app.
- Dispatched patrol officers and municipal emergency services across a large University campus.

Tech Used: HTML5, CSS3, Javascript, NodeJS, Browserfiy

OPERATIONS CENTER DISPATCHER – *Russell Security Services Inc.*

OCT 2015 - NOV 2018

- Dispatcher and first point of contact for corporate tenants and management to resolve time-sensitive matters.
- Operated and audited building and security systems/equipment to ensure proper function and adherence to relevant safety standards.
- Produced formal operational reports for management and external inspectors.
- Maintained accurate logs on operational and security deficiencies.
- Provided training and support to new and existing employees.

EDUCATION

Ted Rogers School of Management, Ryerson University

Bachelor of Commerce (B.Comm), *Business Management*

Specialization: Entrepreneurship and Marketing
